

Medieval RPG Game UI Kit

Help file

There are 5 files in your package:

- buttons.psd
- index.psd
- linen_bottom.psd
- shields.psd
- stripes.psd

All the files can be edited via Adobe Photoshop CC or higher.

The main file, **index.psd**, includes top panel, bottom panel, mouse cursor and popup window with the content example. You can find them in appropriate groups.

Popup window can be used for different purposes and include different content. For this purpose there are different variants of stripe, buttons, shields and bottom linen. They can be found in appropriate files.

Fonts, used in the files:
